

Information about conference partnerships

The conference organizers foresee close cooperation agreements with major trade associations and research institutions in order to target and reach the greatest number of participants.

What is a free conference partnership?

Services provided by nova-Institute

- Free conference fee for one participant
- Your logo with a link on the conference website and in the conference leaflet
- Online profile including logo, link and contact data on a subpage
- Mention the conference partnership in conference emails (distribution list of around 60,000 professional, individualized addresses)
- 30% reduction on the conference fee for your members or clients
- 20% reduction on exhibition booth bookings (while availability lasts)
- Free entry in a business directory (REFAB online database) that will cover all topics of the conference and enable world wide partnering (information will follow soon)

Services provided by conference partner

- Inclusion of the conference in your events calendar (online and print)
- Display conference banner with conference link on your website
- Dispatch of at least two invitations by email and/or references to the conference by e-newsletter to your distribution list
- Display conference leaflets at your events
